

## Dinner in the Sky® – only the sky is limit!

This high profile event lifts up your occasion in the new horizon, and gives your cause the attention it deserves.

Dinner in the Sky® is breath taking experience up in the sky with the culinary pleasure. The guests will lift up into 50 meters to dine privately.

See with the eyes of bird when the magnificent nature of the Nuukso national park offers it's seasonal beauty. Amaze the pristine lakes, rocky cliffs, colorful swamps and endless forest. This is also THE place to see the fauna in the park.

Dinner in the Sky® can serve 22 guests at the time. The chef will cook the enjoyable dinner in the middle of the table. All menus from hors-d'oeuvres to four course menus will offer the tastes of Finnish cuisine.

But not only for the pleasure, Dinner in the Sky® can also high-light your business purposes – board meeting, product launch, incentive, kick-off.... you name it!

The safety is the main key! Specially manufactured Dinner in the Sky® table has been build along the German TÜV-standards. The TÜV labeled product had to been filled perhaps the most strict quality standards in the world. Every piece in Dinner in the Sky® table has been chosen keeping the security in priority.

Warm clothes and foot ware are provided during the winter season.

**Come and climb... into the sky!**
